1. The Dutch have made life unbearable for those Indonesians who are unwilling to cooperate with them. People are jailed, tortured and killed after being accused by Dutch "Intelligence".
2. Eighty students from the Voluntary Army have been arrested by the Dutch, among them being the son of a well-known Republican lawyer, Mr. Djojodiguno. It is reported that they are brutally tortured, and that many have died. Consequently, most of the young people have vacated the city for fear of being seized by the Dutch.
3. Other students complain that they are forced by the Dutch to decide between going to other occupied areas to continue their studies, or being jailed in Jogjakarta.
4. It is reported that Republicans in the city are systematically robbed of their belongings by Dutch military personnel who have now become just as abusive as the native soldiers in the Dutch military service. The military police and other officers take no punitive measures. Failing to get protection from the Dutch authorities, families have taken refuge either in Republican territory or in other occupied areas.
5. Apparently, the Dutch intend to rid the cities of Jogjakarta and Solo of all Republican elements. Thousands of Republicans have been detained in Semarang, and many have been taken to **Batavia**. Many have also been interned in Nusakambangan, a jail located south of Tjilatjap.
6. The situation in Magelang is also reported to be unbearable. The Dutch are attempting to force former Republican officials to cooperate through intimidation. Those who do cooperate are not molested.
